Accomplished Software Engineer with a Springboard certificate and a background in Information Science and Technology. Proven success in developing 10+ projects, leading web development teams, and resolving complex IT issues with full-stack expertise and Agile methodologies.

Technical Skills

Tools: Docker, Git, GitHub, Jira, Slack, VS code, WordPress
Language: CSS, Flask, HTML, JavaScript, Node.js, Python, React, SQL
Database: MongoDB, PostgreSQL, Supabase

Experience

Software Engineer Trainee, Springboard   March 2024 – July 2024
Completed a 5-month intensive bootcamp in full-stack development, gaining hands-on experience with Python, React, JavaScript, Flask, Node.js, Express, SQL, and PostgreSQL.
- Developed 10+ small projects and 2 major capstone projects, collaborating with peers on Agile methodologies and version control with Git.

Lead Web Developer intern, Infogito   Jan 2023 – Aug 2023
Led a team of 6 in building and maintaining the company website using WordPress, Figma, and JavaScript, conducting weekly code reviews to enhance quality.
- Collaborated with UI developers and project managers to deliver user-centric solutions.

Analyst Help Desk, HCLTech   May 2022 – July 2024
Provided technical support for a range of IT issues, including software troubleshooting, hardware malfunction, and connectivity problems.
- Utilized SQL and APIs for data retrieval and system integration, and handled complex issues using ServiceNow and coordinating with the management team.

Projects Worked

MealMate
- Built a recipe search and meal planning app using Flask and a responsive front-end with HTML, CSS, and JavaScript.
- Integrated API for 1,000+ recipes, improving user engagement by 20%.

GreenThumb
- Created a farming app using Node.js, Express, PostgreSQL, and React.
- Enhanced user satisfaction by 30% and fixed 10+ critical bugs.

Education

The Pennsylvania State University, World Campus   Sep 2021 – Aug 2023
B.S. Information Science and Technology (Design and Development)   GPA: 3.54/4
Minor: Business, Security Risk Analysis

Certification

Software engineer, Springboard   July 2024
Responsive Web Design, Freecodecamp   July 2020
